

Cherokee County Water & Sewerage Authority

January 17, 2013

CCWSA_2013_001-Truck and Equipment Package- Combination Sewer Cleaner Addenda # 1

Please incorporate the following changes into the minimum truck and equipment specifications in section 2.0:

- "Debris Body shall be 15 yard capacity minimum"
- "Provide 2 LED work lights on both the boom and the rear of the debris body"
- "Provide for 2 tow hooks on the front and rear of the chassis"
- "Remove 30 ton tow hitch-do not provide 30 ton tow hitch"

Vendor questions and response from the January 15, 2013 pre-bid meeting:

1. Will a poly or other type tank be allowed as listed on page 7 –"Water tanks shall have a 1500 gallon capacity combined and will be aluminum"

CCWSA response: Yes, Poly or other type tanks will be allowed. Bidder shall describe warranty on the tank in their proposal. Strike thru "and will be aluminum"

2. Does the "Bid Bond" penal sum form need to be filled out if bidder is submitting a cashier's check in lieu of "Bid Bond" penal sum form?

CCWSA response: No, "Bid Bond" penal sum form does not need to be filled out, attach the cashier's check to the "Bid Bond" form.

Important instructions:

Circle addenda #1 on the Bidders Checklist.

Sign and date this addendum. Include addenda in your proposal package.
